**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Comcast and AT&T have always had terrible service. Letting them have another leg up against local Internet providers seems like a terrible idea and it will be bad for customers.

Please dont make any legislation that will block competition and Internet provider service. All the local ISPs and consumers will lose, and only the big Internet providers will game.

Internet service is critical to our home business. Competition is critical for getting better service at better prices.
